Mindfulness and self-compassion are powerful resources each of us can develop. Mindfulness helps us to be aware and self-compassions empowers us to live and face challenges while we support and motivate ourselves in the same way we would for a good friend.

The MSC course teaches concrete, practical skills for daily life that will help you to respond to difficult moments with kindness and understanding while you also become more able to motivate yourself, stand up for yourself and set limits.

This enhanced version of MSC training includes 10 sessions:

- 9 core course sessions X 2.5 hours each (23 hours total) on Mondays at 17:30 ICT (Thailand time) starting Monday Jan. 12, 2025, plus
- A 2.5-hour retreat session after the 6th session (see schedule below), plus
- 24 different practice to develop your inner strengths including guided meditations, skills for daily life and additional Fierce Self-Compassion practices!
